TECHNICAL CHARACTERISTICS

SUPPLIED WITH

RAASM logo in aluminum serigraphy
Grease gun supporting hook
Gun with digital liter counter supporting hook
Manual with mounting instructions

OPTIONAL

KR3948: Bolts and screws kit
for the floor fixing and articles
mounting

Stand with centralized lubrication system

Stand with diaphragm pumps

Stand with hose reels

Mixed stand

The product's stand P/N 39484 "Stelvio" is designed to host a lot of RAASM articles.

Universal holes on the bench and on the vertical panel allow an easy and safe mounting of the products, ensuring a great visibility.

On bench

you can mount:

- one or two grounding hose reels (version 735000)
- one or two hose reels of the S. 290, 330, 390 and 430
- one diaphragm pump S. 1120-AB
- one diaphragm pump S. 1000-AB
- one or two diaphragm pumps S. 120-PPAB
- up to four piston pumps S. 500, 600 and 650 (with appropriate bung adaptors)

On vertical panel

you can mount:

- up to three hose reels S. 250, 260, 280, 290, 300, 330, 390 and 430
- one diaphragm pump S. 120-PPAB or 1000-AB (with appropriate bracket)
- one diaphragm pump S. 120-AB, 120-PPAB or 120-PPB (with appropriate bracket)
- one gun with digital liter counter (with appropriate hook)
- one grease gun (with appropriate hook)

BENCH MOUNTING
